ARE ALL EYES

DEFECTIVE?

Certain it is that many people experience no trouble with their eyes. Naturally a very large proportion of those who consult opticians or oculists have defective eyes, because the trouble they have leads them to the consultation.

There have been quite a number of people in to see me of late who have nothing at all the matter with their eyes.

If you have any doubt as to the condition of your eyes it will afford you a great deal of satisfaction to know positively. I shall be glad to tell you.

John Peace works at the High Point chair factory. But he was not at his post of duty today. Last night about half seven o'clock he walked into June Johnson's grocery store and after a short conversation with Mr. Johnson pulled an ounce bottle from his pocket and emptied its contents almost instantly, remarking as he did so that he could take enough to kill six ordinary men and live. That bottle held eight teaspoonsful of hydrate of chloral. Soon after he started out of the house, saying he was going across the street to buy a hat. But he didn't. He sat down in front of the store and was soon dead asleep. When found he was scarcely breathing. Those standing by brought him back into Mr. Johnson's store, laid him out and a doctor was sent for. Drs. Reitzel and Turner soon arrived on the scene, and after some time succeeded in getting the poison out of the man's stomach with the aid of a pump. To those standing around it looked as if the deadly drug would prove fatal. He was carried home and while on the way awoke from his stupor. At last accounts he was getting along all right.

BUTLER AGAINST GOEBEL.

The North Carolina Populist Leader Meddling With Kentucky.

DEWEY'S SECOND SOUTHERN TRIP

The Admiral Is Coming South Again Next Winter and Will Visit Several Cities.

Special to the TELEGRAM.

Washington, Oct. 20—Senator Butler, of North Carolina, the Populist leader, of the United States Senate, has been taking a prominent part in the campaign in Kentucky, in opposition to the election of Goebel for Governor. It is said that he has been making an effective campaign against the Goebel party, making the issue one of opposition to the Goebel election law. Senator Butler is an earnest campaigner and a good stump speaker, and it is said has gained many votes to the side of the anti-Goebel cause. It was stated the other day that in the event there is a radical change in the political situation, which renders Bryan's nomination next year for the Presidency out of the question, Senator Butler may stand for the Populist nomination for the presidency, in the event the populist party decides to stand in the "middle of the road." With this object in view, the senator is now engaged in trying to increase the Populist vote this year in Kentucky, and it is said he may also go Ohio, and stump the state against both McLean and Nash.

Very little is said in Washington about the possible attitude of the populist party next year. If Bryan is renominated by the democracy, most of the populist leaders who have been seen here believe that he will again receive the endorsement of the populist convention. It is thought to be doubtful, however, if they could be held in line for the nominee of the democratic convention, if the democracy should decide to nominate some other man besides Bryan, and to make the issue of the presidential campaign such as would place the silver question in a subordinate position in the national platform. There is an element, too, who are favorable to the nomination of a full ticket next year in any event, but they will not cut much figure if Bryan is renominated.

The next meeting of the Supreme Council of the Southern Jurisdiction, Scottish Rites, will be held at St. Louis. The conclave or the "Order of Scotland," which has also been holding its session in Washington this week, however, will go to the city of Boston, as was announced the other day

Efforts were made to hold the next meeting of the Supreme Council, at Charleston, but St. Louis was favored by the majority of the delegates, and the Charleston people gave up the fight.

The banquet of the Supreme Council Wednesday night was held at the Riggs House, and was a most enjoyable affair, being attended by all of the delegates excepting Senator Teller, of Colorado, who was unavoidably kept away from Washington at this time.

An engagement of much interest to the southern section was announced Thursday. It is that of Miss Florence King Nisbett, of Savannah, Georgia, to Captain P. T. Marye, son of State Auditor Marye, and formerly Captain of Company C, Fourth Virginia Infantry. The wedding ceremony will occur, it is said, some time early in the spring. Both are well known throughout the southern states.

Among southern people in Washington is W. E. Christian, formerly a well known Washington newspaper correspondent. Mr. Christian is now the general agent of the passenger department of the Seaboard Air Line, and resides at Portsmouth, Virginia, where he has his headquarters. While in the newspaper business he represented the Richmond Dispatch, and was among the best known southern correspondents at Washington.

P. H. Hanes, the well known tobacco manufacturer of North Carolina, is here for a few days stopping at the National hotel. Mr. Hanes resides at Winston, and is said to be one of the largest tobacco manufacturers in the state of North Carolina. He is in the city on personal business which will require his attention for several days.

December 4th is the day for the assembling of the new congress. The Virginia democratic association will give a banquet to the Virginia senators, and the Virginia delegation in the house of representatives. All of the members from Virginia will be democrats in the next house, and they are expected to be present at the banquet, which will probably be held at the Metropolitan hotel.

The postoffice department has established a new postoffice at Spranis, Montgomery county, North Carolina. The new office is located three miles northeast of Marcus postoffice.

New postoffice has also been established at Mintonville, Gates county, North Carolina.

Admiral Dewey, it is said, will take a second southern trip next winter, and may then go as far as Jacksonville, Fla. At any rate he will visit Macon and Savannah, Ga.

Plaids for separate skirts, in up-to-date styles and colorings, and a pretty line of silk shirt waist patterns are being shown at Thacker & Brockmann's, this week.

SAYING AND DOING.

Taxes Higher at Manila Now Than Under Spaniards.

In his speech at Waterloo, Iowa—suggestive name—President McKinley said of our position in the Philippines:

"We are not there to oppress. We are there to liberate. We are not there to establish an imperial government but we are there to establish a government of liberty, and law, and protection to life, property, and opportunity to all who dwell therein."

The New York Tribune, the leading republican organ of the nation, edited by a former republican candidate for vice-president, prints a dispatch from the Manila correspondent of the Hong Kong Mail, which says:

"Taxes are higher now than under Spanish rule, and the inhabitants bitterly complain that living expenses have doubled. The native police have been discharged, and Americans appointed in their stead, being totally unacquainted with the language and modes of life of the civil population, are giving endless dissatisfaction. The old inhabitants state that murders, robberies and crimes of every description are greater than before, and the American police, in their blundering endeavors to search out criminals, resort in their ignorance of the haunts and methods of the criminals to the most tyrannical means to obtain information for the capture of offenders. Another source of discontent is the use of the money secured from taxes and from customs for the support of the army, instead of using the funds for carrying out much-needed municipal necessities. All these causes serve to prolong the war by keeping the natives, who have lived in hope on promises of good government, in a constant state of irritation."

The trouble with all the president's lofty professions is that his goods do not come up to sample. It is true that the American people do not want to oppress anybody in the Philippines, that they are there to liberate, and all the rest of it, but if the agents sent by Mr. McKinley to carry out their will impose higher taxes than the Spaniards did, double the living expenses of the inhabitants of Manila, use the money extorted from the taxpayers for the support of the army instead of for municipal necessities, and permit crime to run rampant, is it surprising that our benevolent intentions are mistrusted?—New York Journal, (Imperialist Organ.)

GEORGIA FALLING IN LINE.

Governor Candler Will Recommend a Constitutional Amendment.

Atlanta, Oct. 19—In his forthcoming message to legislature, which meets next week, Governor Candler will recommend such an amendment to the constitution as will restrict the ballot to the virtue and intelligence of the state. The steps taken by sister states toward restriction of the ballot are referred to, and while there is no suggestion of any particular plan for securing the desired end, the governor's idea that the mass of ignorant negro votes should be eliminated is made clear. He is specific in his declaration that the distinction should not be of race or color, or that it should be based on a property qualification that would eliminate a man for lack of this world's goods.

Crime and mob violence will be dwelt on at some length. The governor points out the expense of the administration in the state, showing that the cost is more than half a million dollars for meting out justice to the negroes alone. He urges the necessity of sustaining this important branch of the state government and recommends that the pay of the officers be reduced somewhat and that each private soldier be paid $1 a day when in actual service. As it is the privates get but 43 cents each day.

AN EPIDEMIC OF DRUNKENNESS.

Fifty-Sixth Regiment on a High Old Bender Enroute.

Cincinnati, Ohio, Oct. 19—The Forty-sixth regiment of volunteers en route from Massachusetts to Manila, was delayed here by enforced drumhead court martial on account of an epidemic of drunkenness. The first section arrived yesterday over the Chesapeake and Ohio and held high carnival. They had whiskey secreted on the train. Colonel Hegler immediately called a drumhead court martial which sent thirty of the worst offenders to the Columbus barracks.

As the other sections arrived during the day it was found that there was plenty of whiskey aboard of them also and the supply was greatly increased here so that the four sections were all sidetracked west of this city at Valley Junction for more trials by drumhead court martial, and additional installments were today sentenced to the Columbus Barracks guard-house awaiting further action. Everything has been in readiness by the Big Four railroad since yesterday to carry the regiment to St. Louis, but the trains are this afternoon still held at Valley Junction.

Negro Soldiers in a Riot at Laredo.

Laredo, Tex., Oct. 19—Friction between the Laredo police and the negro soldiers at Fort McIntosh, caused by the arrest of a soldier, resulted in a street riot last night. A Mexican, C. Nuncio, received a Krag-Jorgensen bullet through the shoulder. Policeman William Stoner was badly beaten with clubbed rifles, and at least a hundred shots from the army rifles and pistols were fired by the rioting negroes.

AN EXPLANATION.

The Telegram yesterday contained an editoral on the position of the Biblical Recorder with reference to General Otis and the McKinley war in the Philippines, which closed with a paragraph from the Asheville Citizen, which this paper seemingly endorsed, and which does Editor Bailey and 160,000 Baptists in the state a great injustice.

We do not endorse the Recorder's position on the war; but have the highest respect for it as a religious journal, and do not believe that it is, as the Citizen declares, "a republican that is wearing the livery of Heaven so as to better serve the devil." We believe, on the other hand, that it is honest, conscientious and sincere. It has been several times endorsed by the great church it represents, and we are pleased to say that the church did itself credit in doing so.

We regret that we have seemingly endorsed the Citizen in its vicious attack, and give the simple explanation that a press of other matters caused the writer to overlook the clipping which was run in by a member of the staff.

After having been fought with great valor and much promotion of officers and men, costing millions of money and thousands of lives, the insurgents are within four miles of Manila.

AN EXTENUATING CONDITION.

A dispatch from Atlanta says:

Mrs. W. N. Mitchell, of this city, a daughter of Congressman Otey, of Virginia, has inaugurated a movement to have the picture of General Robert E. Lee placed in the gallery of superintendents of the National Military Academy, at West Point. Mrs. Mitchell wrote to President McKinley, and Congressman Otey to Secretary Root, relative to the matter. The secretary has replied that Col. A. L Miller, present superintendent of the academy, will place General Lee's portrait in the academy gallery, if one is provided, showing General Lee in the uniform of a United States army officer. An effort will probably be made by the daughters of the confederacy to provide a painting of General Lee, who was superintendent of the academy from September 1, 1852, to March 31, 1855.

We hope that the condition announced by Secretary Root upon which General Lee's portrait may be placed in the West Point gallery, will not be accepted by the inaugurators of the above-mentioned commendable movement. If the great hero of the south, and the grandest soldier of the American Union, cannot look down from the wall of the West Point institution attired in the honorable color he and his comrades rendered immortal, then let his deserved place in the national military college remain forever vacant. Such a concession would, we feel sure, be a humiliation to every old rebel and every true southerner.

The first section of the Forty-sixth regiment of volunteers, enroute from Massachusetts to Manila to shoot Christian lead into pagan Filipinos, was delayed at Cincinnati Wednesday to allow a few court martials to be held on account of an epidemic of jags among the bonny boys in blue. It appears that there was secreted on the train besides the load of soldiers, a big load of whiskey and the whole push got gloriously drunk. Colonel Heyher's court martial relegated thirty of the most comatose ones to the Columbia barracks. But the trouble in nowise ended at this juncture. As the other sections arrived, each one was found to be celebrating in regal style, and of course more court martials and more relegations were in order. The four trains of McKinley's boys were sidetracked at Valley Junction, and a great, rousing time was had. While the disconcerted officers were wildly hesitating what on earth to do, the soldiers sent for more liquor, and pandemonium waxed intenser. Finally, a battalion of drunken riflemen large enough to capture the island of Luzon were hauled off to confinement, and the last heard of those who were not lying on their backs feeling upward for terra firma, they were still sidetracked at Valley Junction.

It seems to have been decided by the critics that Kipling's "Suffer Not the Old King" is an obscure admonition to John Bull to shoot the Boers to death. Now comes along Maarten Maartens, a Norwegian bard we believe, of considerable reputation, who sings a song on the other side of the question which, while it may not enjoy being of the rugged genius which the great English poet's latest production is alleged to be touched with, at least strikes a much tenderer chord in the heart of humanity.

Maartens' verses follow:

Greatest of Nations! Chosen strength of God!
Imperial Servant of divine commands!
Within the tranquil hollows of thy hands
Repose the sphered seas; the changeful lands
Are thine, and tracts of empire yet untrod!
This people, small in number, great in love
Of all thou lovest, sternly set apart
In self-concentred freedom, as thou art,
Puritans, pure, as thou, in home and heart,
Owning no master but your Lord above.
Ere these appeal to Him, our hope is yet
In thee, for thou, awakening wilt hear
This clink of gold: thy righteous heart will fear
Unrighteous ruin, slowly drawing near.
England, dost thou forget?

Jeter Pritchard, when the calumet was passed to him at the Statesville council, arose and said that the proposed constitutional amendment would disfranchise the illiterate voters of both races. Considering the remarkable accuracy of this chief's statements on all questions, and the unfluctuating position he has always maintained on all public issues, coupled with his amazing foresight, astounding hindsight, and the general profundity of his information on all matters pertaining to the welfare of his loved people, this proposition, which has never been heard of before, is startling. Let the bull-calf logician's note of warning be heeded.

1,500 BOERS BLOWN UP.

Led Over a Mine—First Horror of the War.

London, Oct. 20—The Daily News' Cape Town correspondent says: "It is rumored here that news has reached Deaax Junction that the Boers attacked Mafeking in force, but were repulsed. The defenders, seeing the enemy retreating, pursued them for some distance. Then a feint was made, and they commenced to retire on the town, allowing themselves to be driven in by the Boers, who, eager to retrieve their position, again advanced to the attack and were drawn over lydite mines, laid for the defence of the town. It is reported that 1,500 Boers were killed by the explosion.

"It is reported from Delagoa Bay that the Swasi King Bunu, is collecting his forces, with the object, presumably, of attacking the Boers. It is stated that the Portuguese forces at Delagoa Bay will be raised to war strength.

"It is announced from Pretoria that an eccentric person, known as Baron Dginsberg, has been court martialed and shot as a spy. Plans of the local forts were found in his possession."

VRYBURG SURRENDERS TO THE BOERS.

London, Oct. 20—The Cape Town correspondent of the Daily Mail, telegraphing at 10 o'clock Thursday night, says: Vryburg surrendered Sunday. Tonight's dispatches from Kuruman, 90 miles west by south of Vryburg, state that the police having withdrawn from Vryburg, the town surrendered to the Boers, the inhabitants fleeing in all directions, mostly toward Kuruman. When the police withdrew the Cape Boers notified the fact to the enemy, thus inviting them to take possession. There is a fearful panic. The British are wildly indignant at this scuttling.

BLOTTED OUT HIS FAMILY.

Mad Farmer Kills Wife, Three Children and Himself.

Tedwood Falls, Minn., Oct. 18—F. E Babcock, a farmer, residing near this city, murdered his wife and three sons on his farm today. The murders were committed in a fit of insanity. Babcock loaded his gun and went to where his two little boys were playing near the house and shot both of them, blowing their brains out. His wife saw the deed and ran to the barn for safety. Babcock went into the house and wrote a note to his brother-in-law, Frank Mason, saying he went out to kill a rooster and shot his son Theodore and could not face the crime. Then he searched for and found his wife in the barn and shot her through the head.

From the barn he walked a mile south to where his oldest son was at work and at close range he fired a shot that blew out the brains of his son. Then reloading he placed the muzzle to his mouth and fired off one barrell, killing himself instantly. He fell over on the gun which still had one barrell cocked and ready for action.

A Big Timber Deal.

Asheville, Oct. 18—Another big deal has been closed for western North Carolina timber lands. The purchaser is S. M. McEwen, of Jefferson, Ashe county, and the lands are in Swain and Graham counties, there being 11,000 acres in the tract. Saw mills are to be put in to cut the timber into marketable shape. The land is covered with fine hard woods.

No Race Yesterday.

New York, Oct. 19—The wind died out before the race between the Columbia and the Shamrock was finished. When the contest was called off the American boat was two miles in the lead.

James Reed Injured.

Mr. James Reed struck his leg against a cake of ice in such a manner as to bruise it severely. It became very much swollen and pained him so badly that he could not walk without the aid of crutches. He was treated by physicians, also used several kinds of liniment and two and a half gallons of whiskey in bathing it, but nothing gave it any relief until he began using Chamberlain's Pain Balm. This brought almost a complete cure in a week's time and he believes that had he not used this remedy his leg would have had to be amputated. Mr. Reed is one of the leading merchants of Clay Court House, W. Va. Pain Balm is unequalled for sprains, bruises and rheumatism. For sale by C. E. Holton, Druggist.

"What's this item of 'pen, ink and paper' in my bill? I didn't use them," protested the victim. "No," said the summer hotel proprietor; "but I did, in making out your bill."

A Night of Terror.

"Awful anxiety was felt for the widow of the brave General Burnham, of Machias, Me., when the doctors said she could not live till morning" writes Mrs. S. H. Lincoln, who attended her that fearful night. 'All thought she must soon die from Pneumonia, but she begged for Dr. King's New Discovery, saying it had more than once saved her life, and had cured her of consumption. After three small doses she slept easily all night, and its further use completely cured her." This marvelous medicine is guaranteed to cure all throat, chest and lung diseases. Only 50c and $1.00. Trial bottles free at C. E. Holton's drug store.

It is the business policy of the Provident Savings to give the assured their insurance at the lowest possible cost to them, instead of building up a monumental surplus, in which they do not participate, but for the possible benefit of those who never contribute to it.—The Journal of Commerce, New York City, August 21st, 1899.

God makes and the world educates, but 'tis woman that finishes a man.

The life of the man who is perpetually dead broke is necessarily monotonous; for he never has any change.

No Cure—No Pay.

That is the way all druggists sell Grove's Tasteless Chill Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter, nauseating tonics. Price, 50c.

I most cheerfully recommend it to the public." For sale by C. E. Holton, Druggist.

Arrested, Charged With Forging a Deed to Real Estate.

Asheville, Oct. 19—Attorney Jesse R. Starnes and Rev J. W. Wright, the latter a colored minister, were arrested today on a warrant charging them with having forged and altered a deed to property on Montford avenue, and with conspiracy to defraud the rightful owners of the land. The story leading up to the arrests forms an interesting chapter. Twenty-nine years ago Tom Brown and another negro were arrested, charged with killing a negro at a shucking Pending trial, a jail delivery occurred and Brown escaped with the others. His whereabouts have never been known since, although he is said to be living in Tennessee. Brown inherited a lot on Montford avenue. About a month ago it became known that Brown made a deed a few days before, conveying the property to Cornelia Wright. Rev. Wright's wife. The deed was acknowledged before the clerk of the court at Chattanooga. J. H. Tucker, an Asheville attorney, who claimed an interest in the property, recently brought suit against Mrs Wright and the Jesse R Starnes Undertaking Company, the latter having been deeded a third interest in the lot by Mrs. Wright. Testimony was taken before the clerk today. Starnes and Wright testified that they met Tom Brown in Chattanooga by appointment and he executed the deed in the clerk's office. At the hearing Clerk McClutcheon, of the Chattanooga court, was present and pointed out Rev. Wright as the man who signed Brown's name to the deed. Wright's arrest on the charge of forgery followed. Later, warrants were issued against Starnes and Wright, and the hearing was continued until tomorrow and the defendants were required to give $600 bond each. Rev. Wright has been pastor of Hopkin's chapel, A. M. E Zion church, two years, but at a recent conference was sent to a Knoxville church.

Spain's Greatest Need.

Mr. R. P. Olivia, of Barcelona, Spain, spends his winters at Aiken, S. C. Weak nerves had caused severe pains in the back of his head. On using Electric Bitters, America's greatest blood and nerve remedy, all pain soon left him. He says this grand medicine is what his country needs. If weak, tired or ailing you need it. Every bottle guaranteed, only 50c. Sold by C.E. Holton, druggist

It is the business policy of the Provident Savings to give the assured their insurance at the lowest possible cost to them, instead of building up a monumental surplus, in which they do not participate, but for the possible benefit of those who never contributed to it.--The Journal of Commerce, New York City, August 21st, 1899.

PRITCHARD ON AMENDMENT.

Claims it Will Disfranchise the Illiterate of Both Races.

Statesville, N. C., Oct 19--Senator Pritchart spoke here last night in regard to the proposition to amend the provision of the state constitution prescribing the qualifications for electors. This amendment, he said, was the most important question presented to the people since the war. The constitution of 1868, framed by the republican party, guaranteed free suffrage to the rich, the poor and the educated alike. There had never been a moment since its adoption, declared the senator, when it had not been the intention of the democratic party to do all in its power, should the opportunity present itself, to amend the constitution so as to restrict the right of suffrage and if possible prevent the poor and illiterate white people from exercising that right. The people were confronted by a proposition to amend the constitution which would, in his judgment, disfranchise the poor and illiterate classes of both races.

Oh, the Pain of Rheumatism!

Rheumatism often causes the most intense suffering. Many have for years vainly sought relief from this disabling disease, and are to-day worse off than ever. Rheumatism is a blood disease, and Swift's Specific is the only cure, because it is the only remedy which can reach such deep-seated diseases.

A few years ago I was taken with inflammatory Rheumatism, which became so intense that I was for weeks unable to walk. I tried several prominent physicians and took their treatment faithfully, but was unable to get the slightest relief. In fact, my condition seemed to grow worse, the disease spread over my entire body, and from November to March I suffered agony. I tried many patent medicines, but none relieved me. Upon the advice of a friend I decided to try S. S. S. Before allowing me to take it, however, my guardian, who was a chemist, analyzed the remedy, and pronounced it free of potash or mercury. I felt so much better after taking two bottles, that I continued the remedy, and in two months I was cured completely. The cure was permanent, for I have never since had a touch of Rheumatism though many times exposed to damp and cold weather.
ELEANOR M. TIPPELL,

Don't suffer longer with Rheumatism. Throw aside your oils and liniments, as they can not reach your trouble. Don't experiment with doctors—their potash and mercury will add to your disability and completely destroy your digestion.

BRIEF LOCAL MATTERS.

It will be a great blessing to our lumber mill men if Lewis street can be fixed before the winter comes.

See the change in the advertisement of P. Kolan, the tailor, who has a fine stock and who does work which pleases his patrons.

We are asked to notify all the members of the sacred concert to meet for rehearsal at West Market street church tonight at 7:45.

A man from the country says the roads out in his section are far better in wenter time than some of the streets of Greensboro.

The train from Raleigh due here at 11:55 was over an hour late today, and the fast mail was held here for it, which is unusual.

J. R. Wall came in this morning with a saddle and blanket, but without horse or bridle. He refused to say, for publication, where he had been.

The Southern Loan & Trust Company advertise offices and bachelor apartments for rent. The latter furnished or unfurnished. See their ad on this page.

Hudson-on-the-hill announces today his Saturday bill of fare, and if you want good things you will find them there, from groceries common to groceries rare—he will fill the bill.

Messrs. Johnson & Dorsett advertise today the second installment of dress goods, etc., including all that is necessary for the make-up of a handsome winter suit. See their ad on third page.

The argument of the Greensboro dispensary case in the supreme court will take place next week. The briefs have been printed and everything is in readiness for putting the case through the highest test.

Smith & Murchison are hustling for trade. They are abreast with the times by keeping what the people want and letting the people know it through the papers. See their ad today for Saturdays trade.

There are yet some sorry specimens of horses drawing street carriages around this town. We do hope they will be fattened up or swapped off before the chilly winds of winter whistle through their ribs.

The Hunter Mfg. Co. have just put in a new boiler of large capacity and and are piping their building preparatory to using steam heat. They will operate their own electric dynamo for lighting the factory. They are working at present about one hundred young ladies and want more.

In these days when the various fairs are being held we are reminded that Guilford should have a county fair, and it should be made a fixed thing. There is no county in the state that can show a more varied line of products than Guilford, and the outside world should be given an opportunity of seeing what we can do.

Col. Barringer won his case yesterday afternoon. He appeared for Mr. D. Dodson, who was indicted by Mr. Solomon Hanner under a charge of keeping and allowing to run at large sheep killing dogs. Mr. Dodson proved that he killed his dogs as fast as he was notified they were killing sheep, except one little shaggy fice, and Mr. Dodson easily proved an alibi for him.

We take pleasure in calling attention to the large ad of Tate Spring Water, which appears today on second page. The water has a good and growing reputation. The testimony of many who use it is "that it has no equal in the world." It is sold in Greensboro by Jno. B. Fariss, druggist, and he will supply you in any quantities you may desire. It is shipped in all seasons and is good at all times. The ad referred to is full of testimonials of its wonderful efficacy.

A MUCH NEEDED REST

Declined by Dr. Rowe Until After Meeting of Conference.

The board of stewards of West Market Street M. E. Church today extended Dr. J. C. Rowe, the pastor, a several weeks' vacation from now until the meeting of conference on November 22, but the Dr. has decided he will not avail himself of the kindly offer until after conference shall have met, when he will take the much needed rest.

This kindness on the part of the church officers was in consequence of Dr. Rowe having failed to take a vacation during the heated term, and also from the fact that he has just closed a two weeks' series of meetings and is very much tired out in body but not in spirit. While the board of stewards felt that a rest was eminently due him, they and the congregation are delighted that he will continue to fill his pulpit until after conference.

Dr. Rowe is a preacher of great force and ability and an untiring worker. The Telegram is pleased that the stewards have taken this practical recognition of his worth and merit. Few men have ever been before this community who preached with such universal acceptance to the community at large.

Mr. Scales Declines.

Hon. A. M. Scales, of this city, who was a few days ago chosen a director of the Deaf, Dumb and Blind institute at Raleigh, has declined to serve on the ground that he already occupies a position on the board of directors of another state institution.

We regret that Mr. Scales felt it his duty to decline to serve. It is by such men as he that our state institutions should be controlled, and it is a deserved compliment to him that his services are so widely sought.

Big Locomotives.

Two big, fine, new steep-grade locomotive, from the Baldwin works at Philadelphia, passed through yesterday going south. They were for the Memphis & Choctaw railroad.

Don't Wait, get it now—Vick's Magic Croup Salve. Large box 25c.

A JAY FROM JAYSVILLE.

A Laughable Comedy Billed for Tomorrow Night.

"A Jay From Jaysville," the attraction billed for presentation at the Academy of Music next Saturday night, is one of the big comedy hits of the present season. It is one of those rural New England comedies, of which the fun loving public have seen many, and yet it is a kind that will always be interesting and amusing. The principal character is, as the title might indicate, a country jay from a little rural village called Jaysville. The play deals with his adventures on his first visit to New York, and they furnish the audience food for laughter throughout the entire performance. The company is a very large one, composed of 35 people, and we recognize a number of well known names in the cast. A dozen or more up-to-date specialties are promised during the action of the play, and a very excellent orchestra, carried by the company, furnishes the incidental music and overtures between the acts. This orchestra is one of the best traveling organizations on the road this season, and the music furnished by them is one of the many especially pleasing features of the performance. The Jaysville band parade, which is said to be one of the funniest processions ever given by a theatrical company will be seen on the principal streets daily at 11 a. m.

Rid the Streets of Rubbish.

Some of the rubbish that is being hauled away from the Benbow and dumped in the streets should be carried elsewhere. Every now and then an officer gets on the warpath and threatens to arrest people for putting a little trash, scraps of paper, etc., in the streets or some alley, and now here comes a thing that is far worse. Along with a lot of black dirt and ashes, brick bats, pieces of tin, old burnt locks, etc., are dumped in the streets. Let us, by all means, have a clean city, but let there be consistency about its regulation.

The results accomplished by the Provident Savings during the past two and a half years will bear comparison with any kindred institution. Its practical reforms and its improved policies are recognized by all agents who make life insurance a profession and by the insuring public.—Journal of Commerce, New York City, August 21 1899.

It is the business policy of the Provident Savings to give the assured their insurance at the lowest possible cost to them, instead of building up a monumental surplus, in which they do not participate, but for the possible benefit of those who never contribute to it —The Journal of Commerce, New york City, August 21st, 1899.

The Reason.

"If you scour the world you will never find a remedy equal to One Minute Cough Cure," says Editor Fackler, of the Micanopy, Fla., "Hustler." It cured his family of LaGrippe and saves thousands from pneumonia, bronchitis, croup and all throat and lung troubles. Howard Gardner.

Among the leading Life Insurance companies showing marked increases this year, the Provident Savings is in the front rank. It is making large gains over last year, its new business during the past three months being over one hundred per cent in excess of the same period last year —Journal of Commerce, New York City, August 21, 1899.
